

LIST OF STUDY COMMITTEE MEMBERS PER STUDY COMMITTEE FOR THE PERIOD FROM AUGUST 2026 TO AUGUST 2028

Study Committee membership for 2026-2028

PROCEDURE FOR THE APPOINTMENT OF STUDY COMMITTEE MEMBERS (extracts from the Rules for Study Committee: APPENDIX B)

Appointment of Study Committee members is proceeded to once every other year. The appointment procedure for Regular and Observer members to Study Committees includes the following steps:

1. Before the end of uneven number years an enquiry is carried out with National Committees:

NCs are requested to send their proposals for SC membership for the 2 following years, Regular members and Observer members.

For every new candidate a short C.V. must be supplied (failing which the candidacy will not be considered).

The Curriculum Vitae must bring out the candidate's experience, the work he has achieved in the area of concern of the Study Committee and indicate his present position, the address of his Company and his contact details.

Note: Substitutes replacing retiring members temporarily (Rule 5.1), should put forward their candidacy as a new member. The deadline set for receipt of the proposals and CVs from National Committees should be strictly observed.

2. Proposals from the National Committees are sent to the Secretary General who passes them on with comments, if any, to the Study Committee Chairmen.

3. On account of the limited number of seats on Study Committees, a number of candidates proposed by National Committees may not be considered for regular membership. Study Committee Chairmen may however propose that these candidates be appointed as observer members.

4. Taking into account favourable opinions or reservations expressed by Study Committee Chairmen, the TC Chairman, with the collaboration of the Secretary General, draws up a proposal to be put forward to the Steering Committee.

5. At the first Steering Committee meeting held in even number years, the Steering Committee decides on renewals and new appointments. No candidacies will be accepted after this meeting.

6. The Chairmen of Study Committees and of National Committees as well as the newly appointed or renewed members are informed of the Steering Committee's decisions by the Secretary General.

7. Newly appointed members will officially take up their functions at the first meeting after their appointment, usually at the time of the Paris Session
